How to login

Information Technology Center
The University of Tokyo

If you have any questions, please contact Kengo
Nakajima at [nakajima\(at\)cc.u-tokyo.ac.jp](mailto:nakajima(at)cc.u-tokyo.ac.jp)
Please DO NOT contact official support site

Before Accessing Odyssey ...

- **Please make sure that:**
 - the OS of your PC is the most updated version
 - proper anti-virus software with the most updated version is installed to your PC

- Supercomputers in ITC/U.Tokyo
 - Information Technology Center, The University of Tokyo
- Login to Odyssey
- After Login

- Supercomputers in ITC/U.Tokyo
 - Information Technology Center, The University of Tokyo
- **Login to Odyssey**
- After Login

Login to Odyssey

- SSH Public Key Authentication (SSH公開鍵認証, SSH=Secure Shell): Safer than Password Authentication
- Procedures
 - **Windows: WSL, Cygwin, Mac: Unix: Terminal**
 - ① Creating Keys (Private Key, Public Key) on PC
 - **Passphrase**: Password for SSH Public Key Authentication
 - **“Empty Passphrase” is prohibited**
 - If you have already created keys on your PC before, you can skip ① (Please make sure it is with “passphrase”)
 - ② Accessing the Portal Site
 - **User ID (t55XYZ)** and **“Initial Password with 8-Characters”** (Info-1/Info-2)
 - You are requested to change **Password** after accessing the portal site
 - Several rules for number of characters, combinations etc.
 - ③ Registration of the Public Key through the Portal Site
 - ② and ③ are essential, even if you have already had UID's on Odyssey
 - ④ Login to Odyssey by ssh

① Creating Keys on PC (1/3)

```
$ ssh-keygen -t rsa
```

Generating public/private rsa key pair.

Enter file in which to save the key (/home/user/.ssh/id_rsa):

<Return↓>

Enter passphrase (~~empty for no passphrase~~): Your Favorite Passphrase

<Return↓>

Enter same passphrase again: Same Passphrase

<Return↓>

Your identification has been saved in /home/user/.ssh/id_rsa.

Your public key has been saved in /home/user/.ssh/id_rsa.pub.

The key fingerprint is:

SHA256:vt880+PTcscHk0yabvxGjeRsMWLAWds+ENsDcReNwKo nakajima@KNs-NEW-VAIO

The key's randomart image is:

```
+---[RSA 2048]---+
|                |
|  . 0=00. 0+    |
|  + 0. . . .    |
|  .+0+.         |
|  +oB.          |
| So *o*         |
| .E   B. o      |
|  .  = .  o     |
|  . =oB o  +    |
|  .+o+*0 . .    |
|                |
+---[SHA256]-----+
```

Procedures

- `ssh-keygen -t rsa` <Return↓>
- <Return↓>
- Your Favorite Passphrase <Return↓>
- Same Passphrase <Return↓>
- **“Empty Passphrase” is prohibited**

① Creating Keys on PC (1/3)

```
$ ssh-keygen -t rsa
```

Generating public/private rsa key pair.

Enter file in which to save the key (/home/user/.ssh/id_rsa):

<Return↓>

Enter passphrase (empty for no passphrase): Your Favorite Passphrase

<Return↓>

Enter same passphrase again: Same Passphrase

<Return↓>

Your identification has been saved in /home/user/.ssh/id_rsa.

Your public key has been saved in /home/user/.ssh/id_rsa.pub.

The key fingerprint is:

SHA256:vt880+PTcscHk0yabvxGjeRsMWLAWds+ENsDcReNwKo nakajima@KNs-NEW-VAIO

The key's randomart image is:

```
+---[RSA 2048]---+
|                |
| . o=oo. o+     |
| + 0. . . .     |
| . +o+.         |
| +oB.           |
| So *o*         |
| . E   B. o     |
| . . = . o      |
| . =oB o +     |
| . +o+*0 . .   |
|                |
+---[SHA256]-----+
```

<Return↓>

<Return↓>

① Creating Keys on PC (1/3)

```
$ ssh-keygen -t rsa
```

Generating public/private rsa key pair.

Enter file in which to save the key (/home/user/.ssh/id_rsa):

<Return↓>

Enter passphrase (~~empty for no passphrase~~): Your Favorite Passphrase

<Return↓>

Enter same passphrase again: Same Passphrase

<Return↓>

Your identification has been saved in /home/user/.ssh/id_rsa.

Your public key has been saved in /home/user/.ssh/id_rsa.pub.

The key fingerprint is:

SHA256:vt880+PTcscHk0yabvxGjeRsMWLAWds+ENsDcReNwKo nakajima@KNs-NEW-VAIO

The key's randomart image is:

```
+---[RSA 2048]---+

② Accessing the Portal Site (2/3)

<https://wisteria-www.cc.u-tokyo.ac.jp/cgi-bin/hpcportal.en/index.cgi>

The screenshot shows a web browser window with the title "Oakbridge-CX User Portal". The address bar displays the URL <https://obcx-www.cc.u-tokyo.ac.jp/cgi-bin/hpcportal.en/index.cgi>. The page content is titled "Wisteria User Portal" and includes a language selector "[English / Japanese]" and a "Login" link.

The login form is titled "Login" and contains the instruction "Enter user ID and password then click [Login] button". It features two input fields: "user ID" and "password:". The "user ID" field is highlighted with a red box, and the "password:" field is highlighted with an orange box. Below the "user ID" field, there is a pink box containing the text "User ID (t55XYZ)". Below the "password:" field, there is a yellow box containing the text "Initial Password with 8 Characters".

Below the login form, there is a section titled "Please" followed by a list of supported browsers:

- Su
- Internet Explorer 11 and over
- Microsoft Edge 44 and over
- Safari 12.0.2 and over
- Firefox 66 and over
- Google Chrome 72 and over

The footer of the page displays "Copyright 2019 FUJITSU LIMITED".

Usage of documents

When using the Wisteria/BDEC-01 User's Manual Web Browsing Service, users must strictly obey the following rules:

- This system shall not be used for purposes of the development, design, manufacture, storage, or use of weapons for mass destruction, including nuclear weapons, chemical or biological weapons, or missiles, etc. for the delivery of such weapons.
- Use of this service shall be limited to the person who obtained permission to use the supercomputer.
- The information in this manual (including printed or photocopied copies) shall not be transmitted or presented to persons other than the person who have obtained permission to use the supercomputer.
- The Center has the right to immediately terminate use of the Web Browsing Service previously granted to those who violate the above rules, or who have been found to have used the supercomputer in an unauthorized manner.

In addition, the user shall not be allowed to make any protest against this decision.
